February 7, 2018

Did you know that 7 in 10 girls believe that they are not good enough or don't measure up in some way? Beginning in their middle-school years, research shows their confidence plummets on multiple issues, including their looks, academic performance, and relationships with friends and family members? Unfortunately, nearly 75% of these girls with low self-esteem will engage in negative activities like cutting, bullying, drinking or eating disorders.

By fostering self-confidence and giving these girls a supportive network, our community of Courageous Women is creating programs to help them hold onto their self-esteem. We intend to create a profound impact on these girls, shaping them into courageous Young Women before they lose their desire to become a leader.

This fall, the League of Courageous Women will debut its premier Women's Leadership Summit with programming that will inspire, empower, and connect women. **On Sept. 28-29th**, these attendees will rise together to the next level on their leadership journey.

Separate tracts are scheduled for middle school, high school, and adult women with sessions designed to develop their leadership skills and build an ongoing support network of peers, professionals, and mentors.

Your donation can help to create a ripple effect of change in our community by inspiring Young Women to hold firmly to their confidence and strive to be natural leaders by connecting them to an ongoing support network of peers and professionals.

We are asking you to consider a sponsorship to invest in the next generation of women leaders of our community. We hope that you will support the League of Courageous Women and the future of Young Women.

Sincerely,

Cyndee Woolley
